Docket No: AM 100788 P1
Patent**REMARKS**

The Amendment and Response filed February 16, 2007 was rejected as non-compliant because claim 144 was identified as being amended, but did not include any markings as to what in the claim had been amended. The amendments to claim 144 were discussed on page 15 of the Amendment and Response filed on February 16, 2007, but applicants inadvertently omitted the markings in claim 144. That omission has been corrected today in the submission of the revised Amendments to the Claims Section contained in this response.

By reason of the foregoing, applicants respectfully request the Examiner to reconsider and withdraw the rejection of Amendment and Response filed February 16, 2007 as non-compliant.

In view of the foregoing discussion, applicants submit that the present application is in condition for allowance. Reconsideration and allowance are respectfully requested.

If a telephone conference would advance prosecution of this application, the Examiner is invited to telephone the undersigned at (845) 602-1842.

Respectfully submitted,
